

MIXING INSTRUCTIONS

Concentration:

Mix 200g of **LAMB FORCE**[®] milk powder into 800ml of water to make 1 litre of ready to feed milk. Mixed milk should be fed straight after mixing.

Mixing Instructions:

Take two-thirds of the required amount of water at a temperature of 55°C.

Add required amount of milk powder to the water and mix thoroughly.

Add the remaining required amount of water cold and mix thoroughly.

The optimal drinking temperature is 40-42°C.

FEEDING INSTRUCTIONS

Age days	Volumes per feed (ml)	Grams per feed	Feeds per day
1	LAMB FORCE [®] Premium Colostrum 50ml per kg bodyweight	-	4
2-7	200ml of mixed milk	40g	3
8-14	500ml of mixed milk	100g	2
15-35	750ml of mixed milk	150g	2
35+	600ml of mixed milk	125g	2

Adlib feeding:

Mix as above or set automatic feeders to deliver 200g of powder per litre.

Calibrate machine with every new batch of powder. Ensure lambs have access to fresh dry feed and water.

For optimum lamb performance feed as a follow-on from **LAMB FORCE**[®] **Premium Colostrum**.

MADE WITH EWE'S MILK

MOTHER KNOWS BEST

LAMB FORCE[®] EWE MILK REPLACER

with **PRO ZEST**[®]

 **Maximise Digestibility**

 **Optimise Growth**

 **Maximise Intake**

 **Boost Immunity**

DOWNLAND[®]
PARTNERS IN FARMING HEALTH

LAMB FORCE® is sourced from ewe's milk. **Lambs prefer it as it is just like mother's milk.**

The ewe's milk is carefully dried to maximise the digestibility of the protein for optimum growth and to protect the antibodies in the milk to aid development and health.

- ✓ **Easy to mix, simple to feed**
- ✓ **Distinctive flavouring to maximise feed intake**
- ✓ **High in available energy for the lamb**
- ✓ **Antioxidants to promote health and immune function.**

LAMB FORCE® Ewe Milk Replacer suits all feeding systems, it can be fed warm or cold and is ideal for bottle feeding, ad-lib feeding systems and some machine feeding systems which require an instant mixing powder.

Available in 5kg, 10kg and 20kg bags.

LAMB FORCE®

Free Flow

Ideal for use in automatic machine feeding systems which require a freeflow powder.

Available in 20kg bags.

LAMB FORCE® includes **PRO-ZEST®** helping provide lambs with the **zest for life.**

WHAT IS PRO-ZEST®?

PRO-ZEST® is a unique blend of natural ingredients including gut enhancing prebiotics and essential oils that support the growth and development of lambs.

PRO-ZEST® has shown to increase daily live weight gain by 15% and milk replacer intake by 17%.
